Snow Patrol - Chasing Cars

```
Asus2: x02200
E/G#:  4x2x00
Dsus2  xx0230

Asus2          E/G#    Dsus2         Asus2
We'll do it all, everything, on our own.
Asus2      E/G#     Dsus2         Asus2
We don't need anything, or anyone.

    Asus2                       E/G#
If I lay here, if I just lay here
               Dsus2                       Asus2
Would you lie with me, and just forget the world.

Asus2              E/G#           Dsus2            Asus2
I don't quite know how to say how I feel
Asus2          E/G#           Dsus2          Asus2
Those three words, I said too much, but not enough.

Asus2                  E/G#
If I lay here, if I just lay here
           Dsus2                               Asus2
Would you lie with me, and just forget the world.
Asus2                                  E/G#
Forget what we're told, before we get too old
           Dsus2                               Asus2
Show me a garden that's bursting into life.

Asus2          E/G#        Dsus2                   Asus2
Let's waste time, chasing cars, around our heads.
Asus2          E/G#        Dsus2                  Asus2
I need your grace to remind me, to find my own.

Asus2                  E/G#
If I lay here, if I just lay here
               Dsus2                     Asus2
Would you lie with me, and just forget the world.
Asus2                                  E/G#
Forget what we're told, before we get too old
           Dsus2                               Asus2
Show me a garden that's bursting into life.

Asus2                  E/G#
All that I am, all that I ever was
                       Dsus2                 Asus2
Is here in your perfect eyes, they're all I can see
Asus2                              E/G#
I don't know where, confused about how as well
                       Dsus2                         Asus2
just know that these things will never change for us at all.

Asus2                  E/G#
If I lay here, if I just lay here
               Dsus2                  Asus2
Would you lie with me, and just forget the world.
