C            Am          (Am/E)          F (2x)
It’s like we just can’t help ourselves
C            Am          Am/E          F
Cause we don’t know how to back down
C            Am          Am/E          F
We were called out to the streets
C            Am          Am/E          F
We were called into the towns

C            Am          Am/E          F
How the heavens they opened up
C            Am          Am/E          F
Like arms of dazzling gold
C            Am          Am/E          F
With our rain-washed histories
C            Am          Am/E          F
Well, we do not need to be told

pre chorus:
AM
show me now, show me the arms aloft
G
Every eye trained on a different star
F
this magic, this drunken semaphore
AM          G
I...

Chorus:
AM          G
We are listening and we’re not blind,
F          AM          G
This is your life, this is your time,
AM          G
We are listening and we’re not blind,
F          AM          G
This is your life, this is your time
I was called out in the dark
By a choir of beautiful cheats
And as the kids took back the parks
You and I were left with the streets.

pre chorus:
show me now, show me the arms aloft
Every eye trained on a different star
this magic, this drunken semaphore
I...

Chorus:
We are listening and we're not blind,
This is your life, this is your time,
We are listening and we're not blind,
This is your life, this is your time
