Capo 3.Bund Intro: G D Em C

G
Guess we knew this was coming on
D Em C
Cause you're already gone in my head

G

D Em C
That you're staying with me instead

G
When winter has come along

D
And summer's dead and gone
Em C
Is there anything left here to say?

G
I can put my arms around
D
The emptiness I found
Em C (Pause)
And find a way to make you stay

Chorus

G
But I'm standing still
D
I'm standing still
Em C
As you leave me now

G
I'm standing still
D
I'm standing still
Em
As you're walking out
C
I'm just standing still

G
Now before I felt so strong

D Em C
Pieces of me break so easy

G
What I thought would be the end
D Em C
Is just the feeling that you freed me

Girl this ain't giving up

It's knowing where to stop

Knowing when the thing is over

I see for the first time

Things ain't gonna bring us closer
