

# WALK

# KWABS

Chorus: (Melodieanfänger: H: 1 1 1 0)

Gotta slow up, gotta shake this high  
Gotta take a minute just to ease my mind  
Cause if I don't walk then I get caught out  
And I'll be falling all the way down.

Verse 1:

(Hundred, hundred, hundred)  
Hundred headlights making me blind  
All of your pleasures catching my eye  
If I jump once, then I never think twice,  
But your temptations making me stay another night  
And my senses only lie to me, lie to me  
I don't know how I feel so wrapped in me, wrapped in me  
I gotta check myself  
Before I get what I want to  
Find out is not what I thought it was  
And you know why I

Chorus:

Gotta slow up, gotta shake this high  
Gotta take a minute just to ease my mind  
Cause if I don't walk then I get caught out  
And I'll be falling all the way down.  
Turning my head and shutting my eyes  
Doesn't even matter if I'm wrong or right  
Cause if I don't walk, I keep messin' around  
And I'll be falling all the way down

Verse 2:

Tell myself "Leave" while I'm still strong  
"Don't look back!" till I'm ten miles gone  
And when the road stops, I'm gonna keep on  
Until I end up in the place that I belong.  
But the pressure is pushing me back again  
Telling me not to pretend  
There isn't any use to even trying to  
Get you out of my head  
So, I lift my feet off the ground  
And I'm gonna walk right up.

Chorus:

Gotta slow up, gotta shake this high  
Gotta take a minute just to ease my mind  
Cause if I don't walk then I get caught out  
And I'll be falling all the way down.  
Turning my head and shutting my eyes  
Doesn't even matter if I'm wrong or right  
Cause if I don't walk, I keep messin' around  
And I'll be falling all the way down

Bridge:

Won't get caught in the old fly trap  
Runaway, runaway, never come back  
No way I'm going down like that,  
No, no, runaway, runaway!  
No, I can't get caught up again!  
No way. No, no.

Chorus
